Hi Deb,

Per Essex County Treasurer Mike Diskin; in the event of an overpay due to clerical error (me), the overage, in this case, \$2377.00, can, by resolution of the Fire District, be placed in a reserve account, and used in the next fiscal year as a credit against the budget request for 2022.

Let me know if you or your board have any additional questions and I will be more than glad to get back in touch with Mike Diskin.

Stay well,

Carol
